

Technical Training 2025

As part of your A-dec accreditation to maintain and service A-dec equipment, the team are looking forward to seeing you at this year's in-person Technical Training session at our offices in Nuneaton, Warwickshire, CV11 6RZ.

With the launch of A-dec Pro products into the UK market place earlier this year, we are confident you will leave with in depth technical knowledge which will be critical in installing, servicing and maintaining A-dec equipment going forwards.

To expedite the sign-in process at our offices, please read the **Health & Safety** and **Confidentiality** instructions below ahead of attending the training session. By sending this communication to you, we will assume you have read and understood the information stated.

Health & Safety

A-dec Dental UK LTD. (A-dec) considers the Health and Safety of its employees, guests and others who may be affected to be of paramount importance. A-dec displays the Health & Safety Policy on noticeboards around the building and a copy is available upon request.

- *If the fire alarm should sound, please exit the building by the nearest exit. Please make your way to the car park, near to the roadside. A large green "Fire Assembly Point" sign indicates where to wait for A-dec's First Responders.*
- *Smoking is only permitted in the outside smoking area, near to the car park.*
- *Certain areas within our office building and warehouse are restricted access only. This is in line with our risk assessments for health and safety*

Confidentiality:

Over the course of your visit you may come across information that is private and confidential e.g. designs, costs, terms, and conditions of business etc.

At no time will you pass on or recount any information to a third party without prior consent from a Manager of this company, even after your departure.
